INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
American Friends of ALYN Hospital, Inc.

We have audited the accompanying financial statements of American Friends of ALYN Hospital, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of American Friends of ALYN Hospital, Inc. as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 12 to the financial statements, in March 2020, the United States declared the global pandemic novel coronavirus COVID-19 outbreak a national emergency. As a result, American Friends of ALYN Hospital, Inc. has suspended its program activities at the direction of state and local governmental authorities. Our opinion is not modified with respect to that matter.

AMERICAN FRIENDS OF ALYN HOSPITAL, INC.**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2019 AND 2018****Note 1 - Organization and Summary of Significant Accounting Policies****a - Organization**

American Friends of ALYN Hospital, Inc. ("AFAH") is a not-for-profit organization that exists solely to educate Americans about and provide support to The ALYN-Woldenberg Family Hospital/Pediatric and Adolescent Rehabilitation Center ("ALYN"), Jerusalem, Israel. ALYN, Israel's only rehabilitation center for physically handicapped children and adolescents, provides all of the medical and paramedical services necessary for successful rehabilitation in one facility. The financial statements include the accounts of its New York headquarters and its affiliated United States Chapters. Grants to ALYN are made at the discretion of the AFAH Board of Directors.

b - Cash and Cash Equivalents

For purposes of the statements of cash flows, AFAH considers all highly liquid instruments, purchased with a maturity of three months or less, to be cash equivalents, except for short-term investments being managed within the investment account.

c - Investments

AFAH reflects investments at fair value in the statements of financial position. Unrealized gains and losses on investments are reflected in the statements of activities as increases and decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law. Investment income that is limited to specific uses by donor-imposed restrictions are reported as increases in net assets without donor restrictions if the restrictions are met in the same fiscal year in which the gains and income are recognized.

d - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-based measurement. Generally accepted accounting principles establish a framework for measuring fair value which maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those the market participants would use in pricing the asset based on market data obtained from sources independent of AFAH. Unobservable inputs reflect AFAH's assumptions about the inputs market participants would use in pricing the asset developed based on the best information available in the circumstances. Fair value measurements are categorized into three levels as follows:

- Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that AFAH has the ability to access at the measurement date.

d - Fair Value Measurements (continued)

Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active.

Level 3 Inputs that are unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following provides information on the fair value of the AFAH's assets by level within the fair value hierarchy as of December 31:

	2019

AMERICAN FRIENDS OF ALYN HOSPITAL, INC.**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2019 AND 2018****Note 1 - Organization and Summary of Significant Accounting Policies (continued)****d - Fair Value Measurements (continued)**

Fair value for the beneficial interests in remainder trusts are determined by calculating the present value of the future distributions expected to be received, using a discount rate.

e - Contributions and Unconditional Promises to Give

Contributions are recognized when the donor makes a promise to give to AFAH, that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

AFAH uses the allowance method to determine uncollectible promises to give. The allowance, if any, is based on prior years' experience and management's analysis of specific promises made. Promises to give are due within one year.

f - Grants Payable to ALYN

Grants are accrued at the time authorized.

g - Financial Statement Presentation

The financial statements of AFAH have been prepared in accordance with U.S. generally accepted accounting principles, which require AFAH to report information regarding its financial position and activities according to the following net asset classifications:

Net Assets Without Donor Restrictions

Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of AFAH. These net assets may be used at the discretion of AFAH's management and Board of Directors.

Net Assets With Donor Restrictions

Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of AFAH or the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

AMERICAN FRIENDS OF ALYN HOSPITAL, INC.**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2019 AND 2018****Note 1 - Organization and Summary of Significant Accounting Policies (continued)****h - Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

i - Website

Website costs are capitalized and are being amortized using the straight-line method over the estimated useful life of the asset.

j - Tax Status

American Friends of ALYN Hospital, Inc. is a not-for-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and has been designated as an organization which is not a private foundation.

k - Subsequent Events

AFAH has evaluated subsequent events through September 3, 2020, the date that the financial statements are considered available to be issued.

l - Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Expenses are applied directly to programs where applicable or allocated on a reasonable and consistent basis. A substantial portion of AFAH's expenses are directly related to program activities. The expenses that are allocated include general office expenses, salaries, payroll taxes and employee benefits which are allocated based on employee time and effort.

Note 2 - Information Regarding Liquidity and Availability

AFAH operates with a balanced budget for each fiscal year based on the revenues expected to be available to fund anticipated expenses. A substantial portion of annual revenue is comprised of contribution revenue raised during the current year, and revenue from other sources earned during the year. AFAH considers general expenditures to consist of all expenses related to its ongoing program activities, and the expenses related to general and administrative and fundraising activities undertaken to support those services.

AMERICAN FRIENDS OF ALYN HOSPITAL, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Note 2 - Information Regarding Liquidity and Availability (continued)

AFAH regularly monitors liquidity to meet its operating needs and other commitments and obligations, while seeking to maximize the investment of its available funds. Management prepares regular cash flow projections to determine liquidity needs, and has a policy to maintain liquid financial assets on an ongoing basis sufficient to cover ninety days of general expenditures. Financial assets in excess of daily cash requirements are invested in money market funds and other short-term investments.

AFAH's financial assets as of December 31, 2019 and 2018, and those available within one year to meet cash needs for general expenditures are summarized as follows:

b - Net Assets With Donor Restrictions - Perpetual in Nature

Net assets with donor restrictions - perpetual in nature represent an endowment from The Woldenberg Foundation and in accordance with donor restrictions is required to be maintained in perpetuity.

Note 4 - Endowment Funds

AFAH's restricted endowment was funded by a contribution from The Woldenberg Foundation. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Consistent with New York State Not-for-Profit Corporation Law and the New York Prudent Management of Institutional Funds Act ("NYPMIFA"), AFAH classifies as net assets with donor restrictions, perpetual in nature, (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment and (c) accumulations to the endowment made in accordance with the direction of any applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions perpetual in nature is classified as net assets with donor restrictions subject to the passage of time or purpose until those amounts are appropriated for expenditure by AFAH.

AMERICAN FRIENDS OF ALYN HOSPITAL, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

Note 4 - Endowment Funds (continued)

AFAH has a policy of appropriating for distribution each year an amount equal to the investment earnings and realized and unrealized gains and losses earned on its invested funds.

The fair value of assets associated with individual donor restricted endowment funds may fall below the level required to be retained as a fund of perpetual duration. A deficiency of this nature was \$(464,068) as of December 31, 2018. AFAH has made transfers to operations in excess of the original terms of the endowment.

As of December 31, AFAH's invested endowment fund composition, by type of fund and net asset classification, are summarized as follows:

	With Donor Restrictions		
	Investment Income Above (Below) Original Gift Amount	Investment in Perpetuity	Total
Donor-restricted endowment fund, 2019	<u>\$ 50,272</u>	<u>\$4,850,000</u>	<u>\$4,900,272</u>

Endowment Funds, End of Year	<u>\$(464,068)</u>	<u>\$4,850,000</u>	<u>\$4,385,932</u>

AFAH has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for programs supported by its endowment, while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that AFAH must hold in perpetuity, or for a donor-specified period. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the AFAH's spending policy while assuming a moderate level of investment risk. AFAH expects its endowment funds, over time, to provide an average rate of return of approximately 5% - 6% annually. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate-of-return objectives, AFAH relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). AFAH targets a diversified asset allocation of investments in mutual funds to achieve its long-term return objectives.
